

2026-2027 Adult Synchro Sponsorship Opportunities

SKATECANADA
MARTENSVILLE

ABOUT SKATE MARTENSVILLE ADULT SYNCHRO

Skate Martensville Synchro is a local synchronized skating program in Martensville. Formed in 2023, our non profit organization provides opportunities for adult skaters to participate in the world's fastest growing figure skating discipline. Skate Martensville has two adult synchronized skating teams with a season running from October through to March.

WHY SPONSOR?

Without community support, our synchronized skating teams wouldn't be as successful as they are. Our synchro teams rely on fundraising to make our program affordable and open to all skaters. The funds offset the costs for dresses, competitions, coaching, and travel.

As a sponsor, you do more than support local skaters. Our sponsors also benefit from reaching thousands in the Martensville area and beyond through our social media posts, advertising options, events, and many other opportunities.

WHO AM I SPONSORING?

Our Adult Synchro teams bring together individuals from all walks of life—students balancing studies and skating, business owners managing their passions on and off the ice, dedicated mothers juggling family and training, and professionals from a variety of fields who find joy in the sport. Our skaters have diverse backgrounds, but they all share a love for figure skating and the camaraderie of synchronized skating.

Some have been gliding across the ice since childhood, while others only laced up their first pair of figure skates only a few years ago. Regardless of experience or skill level, these skaters support, encourage, and challenge each other, creating a strong and dynamic team that thrives on teamwork, dedication, and a shared love for the sport.

CORPORATE SPONSORSHIP

Thanks to the generous support from corporate sponsors, Skate Martensville's Adult Synchro teams are able to participate at a provincial level while keeping our program affordable and open to all.

	BRONZE \$300	SILVER \$500	GOLD \$1000	DIAMOND \$2000
